EDUCATION

Lovely Professional University BTech in Computer Science – CGPA: 8.0	2022-2026
Pragya Bharti Public School 12th, Percentage: 87%	2019-2021

EXPERIENCE

Web Developer Head, RTRA-LPU	Jan 2024 – Aug 2024
- Implemented an intuitive platform for organizing workshops that minimized administrative workload by 30%, allowing for smoother event execution while maintaining secure, encrypted storage of all student data using MongoDB. - Improved user engagement by 40% through streamlined workflows. - Implemented Angular Reactive Forms and component lifecycle hooks to develop a responsive UI that handled over 1,000+ event registrations, reducing registration errors by 25% and enhancing user satisfaction.	

PROJECTS

FairyMate, Healthcare Platform	Live
- Developed a medical consultation platform that supported 200+ users, offering video calls, AI chatbot responses under 2 seconds, and e-commerce integration for 50+ medicines. - Engineered and integrated a real-time AI chatbot named FairyMate using Socket.io and OnDemand API, enabling instant responses and continuous user engagement. - Built using the MERN stack (MongoDB, Express, React.js, Node.js) for a robust and scalable solution.	

RTRA Live Website	Live
- Engineered a comprehensive event management platform that facilitated over 1,000 seamless student registrations while ensuring secure storage of sensitive data using MongoDB, enhancing system reliability and user trust. - Collaborated with 6+ cross-functional team members to deliver 3 high-traffic features, resulting in a 40% increase in event registrations and positive user feedback. - Tech-stack: Angular, Node.js, and MongoDB.	

MICRO DEX	Live
- Designed and integrated a unified AI toolset that decreased development time by 50% and increased model deployment efficiency for 10+ developers. - Implemented live HTML editing with AI, featuring real-time auto-completion and error checking to boost productivity. - Developed an AI-powered VS Code extension for intelligent code prediction and auto-completion, enhancing coding efficiency by 40%.	

TECHNICAL SKILLS

Languages: C++, C, Java, Python

Technologies: MongoDB, SQL, JavaScript, TypeScript, React, Node.js, Angular, Git, React Native

Expertise: DSA, Responsive Web Design, Scripting

CERTIFICATIONS

MongoDB Basics	MongoDB University Certificate
DP & Greedy Algorithms	Univ. of Colorado Boulder Certificate
Cloud Computing	NPTEL Certificate

AWARDS & ACHIEVEMENTS

TCS Codevita: Secured Global Rank 836 in Season-11 of TCS-CODEVITA.

Platforms: Solved more than 1300 DSA Problems across all platforms.

Leetcode: Solved 700+ problems (1600+ rating, top 19%).

Codechef: Secured Global Rank 562 in Codefest competition organized by IICPC (1430+ rating).
